

Managed Portfolio Service - GROWTH

Objective

The Growth model aims to outperform the MSCI PIMFA Growth Index over a 7 year rolling period and is managed in an aggressive manner, with an emphasis towards capital growth.

Investments will provide multi-asset exposure through a portfolio of funds available on the relevant platforms.

Information in this factsheet relates to the model on the Wealthtime platform and performance on other platforms may vary slightly.

Effective 31 January 2024, City Asset Management has moved to rebalancing our Managed Portfolio Service on a quarterly basis. Going forwards, rebalancing will occur on the last business day of January, April, July and October annually.
